## Personal Statement:

Recently graduated from Otago University with a degree in design for technology/innovation and marketing I have a sound understanding of design processes and software. I have creative potential and a willingness to listen/learn. I have good communication skills and a high work ethic whilst being reliable, extremely passionate and friendly.

## Why Choose me?

**Driven:** Constantly strive to execute work to an excellent standard  
**Of high integrity:** Value honesty and respect. Cultural sensitivity and the environment are considered when designing.  
**Good communication skills.**  
**Team player:** Work collaboratively to achieve an outcome that meets the needs of the customer.  
**Creative:** Able to present information/ideas/designs in a clear, concise and visually appealing manner.  
**Fast learner:** Ability to listen to and learn from others.

## Skills:

- Advanced knowledge in systems and design thinking.
- Experience in using Adobe suite software such as Photoshop, InDesign and Illustrator with great attention to detail.
- Some experience with 3D printing/prototyping using CAD software/solid works.
- Solid understanding of marketing, tourism, environmental management and cultural areas surrounding design.
- Experience in most areas of design including Product, Industrial, UX/UI, Illustration, Graphics, Communication, and design innovation.

## Personal Qualities:

Keen sense of humour	Friendly
Reliable	Culturally Sensitive
Enthusiastic	Good communicator
Trustworthy	Hard worker
